General Comments

01

Considering

Consider relevant supporting or even applicable international commitments or recommendations (e.g. EU customs blueprints, WTO-Trade facilitation Agreement, WCO documents, ...)

02

Step by step approach

Take care that this should be a step by step approach and there are sequences which have to follow one after the other to be real successful.

ALONE WE CAN DO SO
LITTLE TOGETHER WE CAN
DO SO MUCH

Helen Keller, Author (1880 – 1968)
