

The Vienna Institute for International Economic Studies (wiiw) is one of the principal centres for economic research on Central, East and Southeast Europe (CESEE) with almost 50 years of experience. We have expanded our work on European integration issues more generally encompassing the CESEE EU member states, but also developments in the EU, in Wider Europe and its neighbourhood. We also cover a wide variety of issues in International Economics. Our overall thematic research covers macroeconomic analysis, international economics, labour markets, regional analysis, industrial organisation. Research projects are commissioned by national and international clients and emerge from applications to research funding agencies. We coordinate and are integrated in a large number of international research networks. For more details please visit our website:
