

The Vienna Institute for International Economic Studies (wiiw) is one of the principal centres for economic research on Central, East and Southeast Europe with 40 years of experience. We have expanded our work on European integration issues but also on developments in the Wider European region and its neighbourhood. We also cover a wide variety of issues in International Economics. We coordinate and are integrated in a large number of international research networks.

For more information see www.wiiw.ac.at
