

wiiw Database on Foreign Direct Investment in Central, East and Southeast Europe

This zip-file contains the *wiiw Database on Foreign Direct Investment in Central, East and Southeast Europe*.

As a first step after receiving the zip file, you need to **extract all the files**. To do this, please open the zip file and extract/copy the files to the target folder.

After the extraction, please go to the target folder. You can now view the data in any browser (e.g. Internet Explorer, Mozilla Firefox, Opera, Netscape, SeaMonkey, Konqueror, etc.) by **opening the file "index.html"**. The content has been optimised for a screen resolution of at least 1024*768 and tested with current browsers.

From there you can retrieve all data either in HTML, in MS Excel, CSV (comma separated values) or in TSV (tab separated values) format. To save files (PDF, Excel, CSV or TSV) to your disk, please right click on the link and choose "Save target as...". Please note that **footnotes are only available in HTML and Excel format**.

For reading the Database description and methodology, abbreviations and sources as well as the PDF version of the wiiw Database on Foreign Direct Investment you need a **program capable of reading PDF files**. In case no PDF Reader is installed on your Windows PC, you can install one by navigating into the directory "PDF Reader" and starting the setup file "**FoxitPDFReader_Setup.exe**".

The 2 files readme.txt and readme.pdf contain the same information.

If you have suggestions for future versions of the FDI database or any technical questions, please contact
