Notes:

1) Ratio of disposable number of registered unemployment calculated to the economically active population as of previous year.

2) Cumulation starting January and ending December each year.

3) Based on cumulated national currency and converted with the average exchange rate.

4) From January 2005 excluding value of goods for repair and after repair.

5) According to country of origin.

6) Adjusted for domestic and EU inflation. Values less than 100 mean real appreciation.

7) Corresponding to the 2-week limit rate of NBS.

8) Deflated with annual PPI.
